

### REMARKS

Claims 1-20 are cancelled, claim 21 is amended to correct a typographical error, claim 13 is withdrawn, and new claims 22-34 are added. Previous claims 1-6, 8 and 10-20 were subjected to a species restriction, and thus Applicants elected species I, depicted in Figures 1 through 3, depicted by original claims 1-6, 8, 10-12 and 14-20 previously read on Species I. Applicants have added new claims 22-34, based on original claims 2-6, 15-17 and 28-19, and thus submit that new claims 22-34 also read on Species I, as originally elected.

Applicants acknowledge and appreciate the allowance of claim 21 in the Final Office Action of October 4, 2007. New claims 22-34 have been added to depend from claim 21. Claims 22- 34 are analogous to original claims 2-12, 15-17, and 19-20. Support for the combination of limitations from original claims 2-12, 15-17, and 19-20 with the harness of claim 21 is found in Figures 1, 2 and 3 (elected Species 1) and the description of these figures in the specification, found in U.S. Publication No. 2004-0200481 A1 at para. 28-31. For the Examiner's convenience, the following is a claims chart of correspondence between the original claims, and the new claims, and where, among other places, support is found in the application:

<u>New Claim</u>	<u>Original Claim(s)</u>	<u>Support</u>
22-34	2-7, 9-12, 15-17, 19-20	Figs. 1-3; para. 7-13, 15-21 and 28-31
22	9	para. 20 and 28
23	10	para. 11
24	11	para. 12
25	15	para. 16
26	16	para. 17
27	17	para. 18
28	19	para. 20
29	20	para. 21
30	2	para. 8 and 29
31	3	para. 8 and 29
32	4	para. 8 and 29
33	5	para. 8 and 29
34	6	para. 8

Because there is support in the application and original claims for the harnesses of new claims 22-34, Applicants respectfully submit that no new matter is added with these new claims, and that claims 22-34, like claim 21, are not anticipated and would not have been obvious in light of the cited prior art, and are therefore allowable.

Applicant submits that all the claims are now in condition for allowance, and early notice to that effect is respectfully requested. The Examiner is requested to telephone the undersigned if any matters remain outstanding so that they may be resolved expeditiously.

Applicants believe that a three-month extension of time is required, along with fees for the Request for Continued Examination, and so \$1860.00 is being withdrawn from deposit account number 19-4972 to cover the three-month extension and RCE fees. However, in the event that additional fees are due, Applicants request that deposit account number 19-4972 be charged for any additional fees that may be required for the timely consideration of this application.

Date: April 4, 2008

Respectfully submitted,
